WE are indebted to the Agents of Princeville Plantation for a generous sample of the first quality of sugar from that plantation. It is of a light golden color, and the grain is that of a very superior " grocery' grade. In fact, it is equal to the finest grades of "grocery" sugars we have ever seen in this market. We believe the agents have on hand, for domestic use, a sufficient quantity of this very fine grade of sugar, to supply the demand.

Washington, Feb. 11th.—In the Senate, Williams, from the Committee on Public Lands, reported, with amendment, a bill granting land to aid the construction of the railroad from the Columbia River to Project Sound; and a bill passed to calarge the public grounds surrounding the Capitol.

Sherman offered a preamble declaring that the United States observes, with deep interest, the civil war now existing in Cuba, and sympathizes with the people as with the people as with the people of all American nations in their efforts to sever their alleguance to European powers, resolving that the United States recognize the existence of the war between Spain and Cuba, and observe strict neutrality between the beliligerents. Sherman said he desired to call the attention of the Committee on Foreign Relations to the fact that the people for this country would not much longer stand the cold indifference of this Government towards Cuban affairs. The Resolution did not propose to recognize Cuban independence but simply the conditions of war.

Sumner said the Committee had somewhat con-
